gravity track. Gravity tracks are those leading from the

top of the hill and lead down without the need to pedal

back up. They have plenty of enjoyable elements (banked

turns, wooden benches and stone descents), that give

the mountain biker the chance to push the bike's potential to the limits. Individual trails are broken down by dif-

ficulty, for children and for experienced mountain bikers.

Nearby is the bike camp Semetin, in whose complex you find a bike rental shop and bike servicing, an information

center, and you can also take advantage of their instruc-

Bike trails Wallachia is one of the structural elements of Bike Resort Wallachia. It is the name for an man-made gravity sin-

gle tracks, which at four places of the resort enhance the existing offer of natural MTB trails, roadway routes and classic cycling route by yet another bike riding format. Belonging under the label Bike trails Wallachia are Vsetin Bike Arena, Bike Park Kyčerka, trails in Zděchov and trails in Velké Karlovice in the valleys Pluskovec and Léskové. In Zděchov, you can ride along 3.8 km of technically interesting single tracks with plenty of elements to entertain you. The trail is criss-crossed at two points by a rising section, which enables you to return back to the trail head. In Velké Karlovice in the valley Pluskovec, you can ride along 4 km of trails or you can try Bike Park Kyčerka with its 11 km of trails. A lift can take you up to start or you can use the rising trail. In the harder sections, you will find detours for less experienced riders. The tracks are interconnected and you can combine then as you like. Within Bike Resort Wallachia, you can ride along a total of 35 km of single tracks

It is suited to hiking and its entire length is 14 km. The path starts at the train station in Valašské Meziříčí and continues towards the park Botanika. There, among other activities, visitors may tour the Evangelical Church built in the early 20th century by Croatian architect Kalda. After ascending the hill Vrchovina, a panorama opens up to you of the ridge of the Verovice Javorník Mountains, Radhošť, and in ideal weather even the mountain Lysá hora. Further stops inform you of plants and livestock meadows, natural springs and forests. Attention focuses on the village of Velká Lhota, mainly to the tolerance church and parish where the aforementioned Evangelical clergyman Jan Karafiát ministered. From there, the trail then continues to the reservoir Bystřička, a work from 1912 making it the second oldest Czech valley man-made reservoir. The environment of Bystřička offers a number of places where you can enjoy refreshments after a long trek. It also features a summer theater and is the venue for the popular festival Good Old Western.
